

# Cheers!

Welcome to our Twitter project for Python module!

Here's a very simple project that can pull tweets with a desired hashtag and produce some interesting data that can help you do more data analysis and natural language processing on Twitter!

Below, you see the list of hashtags collected for this project. Please select one hashtag to see the relevant visual analysis:

#Oplran

Number of Tweets you want to catch:

50

48567

50000

from:

2022/12/01

Until:

2022/12/30

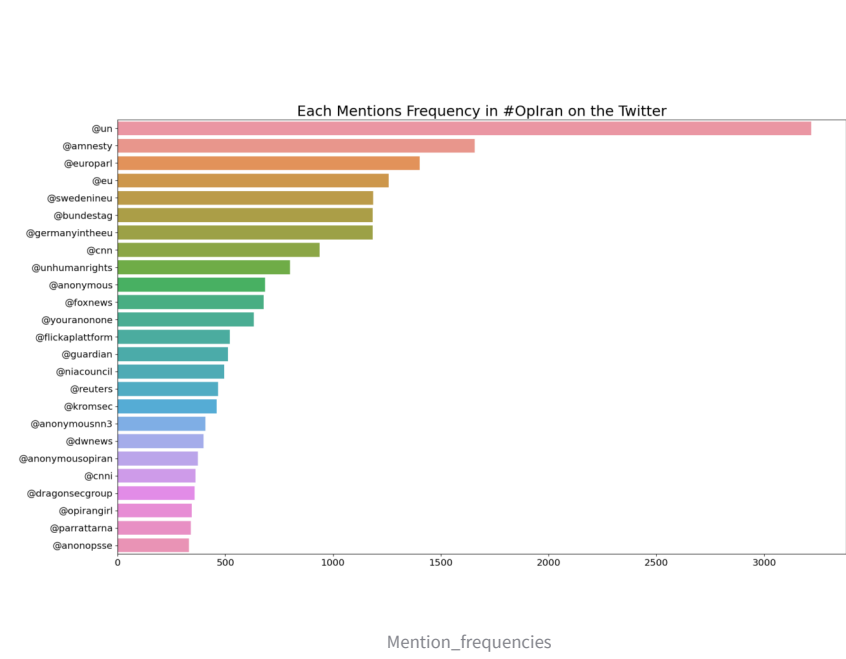

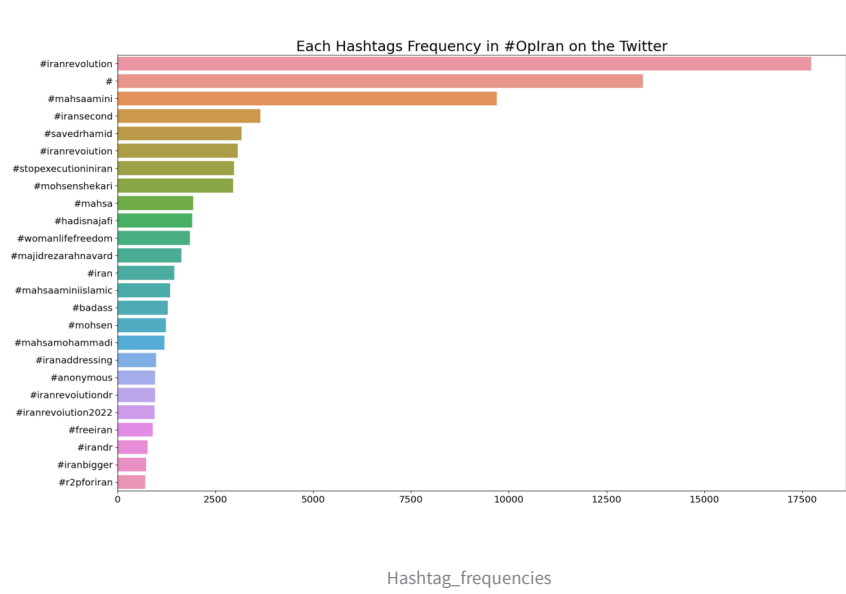

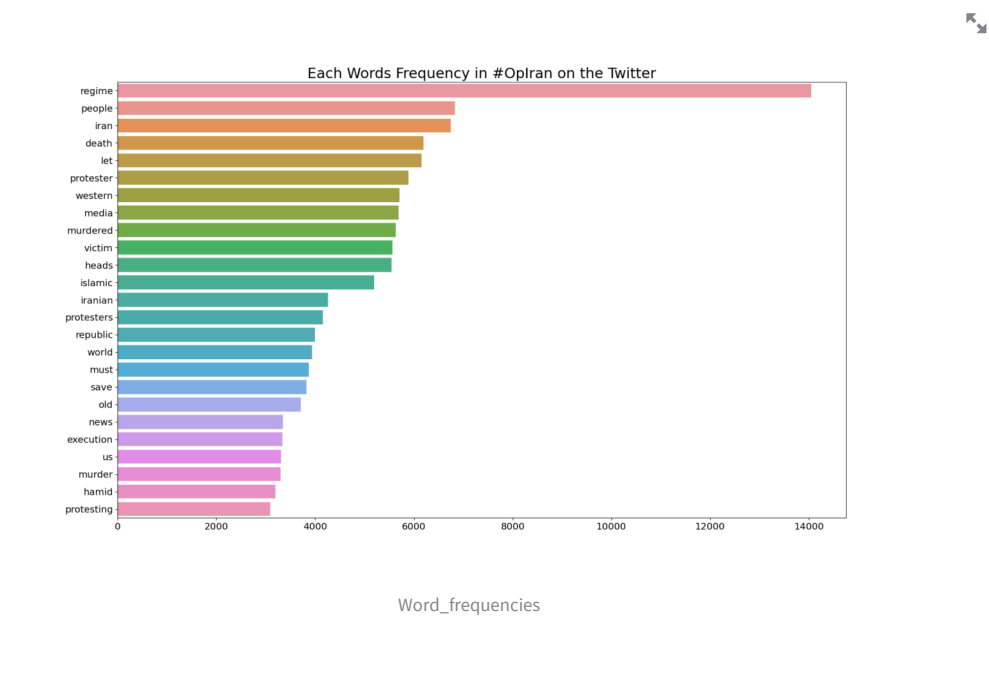

Fetch!

# Your csv file is ready!

	Username	Text
0	kian16112022	To IR of #iran! Expiry date is so close! As I suggested before and will do again---&gt; one way tic
1	Dogglebox365	And here is #SoniaSharifi at the entrance of Abadanan city met by a large crowd gone to welco
2	ShivaAz7	Urgent: Mahsa Mohammadi, a young Iranian girl, has been sentenced to death. We ask you to :
3	Morty2y	Join us and call on @elonmusk to #BanKhamenei This demonic mass murderer must not be
4	ArwnShhab	Join us and call on @elonmusk to #BanKhamenei This demonic mass murderer must not be
5	B93186585	Alaska sends greetings. #IranRevolution #Oplran https://t.co/MUwTjfpFVq
6	Overthrower_	Dear @elonmusk Thank you for your attention #Oplran #KingdomWithPahlavi #WomanLife
7	SA_KERMASHAN	Urgent: Mahsa Mohammadi, a young Iranian girl, has been sentenced to death. We ask you to :
